## Labor & Project Support

Vetted and sourced by

**exertis** | ALMO

*Transform your business with*  
**AV Outsourcing**

A close-up photograph of a hand using a screwdriver to adjust a metal component on a machine. A level tool is visible in the background, suggesting precision work. The image is partially obscured by a large red diagonal graphic element on the left side of the page.

# Installing Confidence

We provide our valued partners with technicians for a wide range of solutions. You can label our services as your own to create a seamless experience for your client. Our contracted technicians are experienced, highly trained and follow a well-vetted scope of work which is created with your assistance and input from your customer. Our techs are your techs.

Expand your workforce across the U.S. without the hassles.

Areas we can help:

- › **Full service labor** – completing projects on your behalf with no help onsite from you
- › **Augmented labor** – technicians who will work alongside your lead technician or project manager
- › **Site surveys** – documenting spaces on your behalf and providing you with photos, measurements, videos, and more
- › **Service calls** – providing a set of skilled hands to troubleshoot for you and to help you fulfill your service contracts

*All technicians are vetted to  
match your scope of work*

*Fully insured*

*Sign non-competes and  
non-disclosure agreements*

We have you covered:

- › In almost all instances there is no travel expense or per diem involved
- › We assign an internal project manager so you have a single point of contact and confidence that projects run smoothly
- › We stand behind EVERY project

# Coast to coast coverage

We have techs in major cities across the country.

# Our Services - Guaranteed.

Enjoy greater success with our complete services suite:

- › Control systems and DSP programming
- › Digital signage creative and hosting
- › Drafting and engineering
- › Labor and project support
- › Teleconferencing and networking
- › Telecom services
- › Service and warranty plans

Give our labor services a try with just a single client or project to start.
